

MINISTERIAL ASSOCIATION.

Interesting Meeting of That Body Was Held Tuesday Afternoon.

The Ministerial Association of the city of Gainesville met at the Presbyterian manse Tuesday afternoon at 3 o'clock. Rev. Thos. P. Hay, the president, in the chair.

After a full discussion of the matter, it was decided to hold a union meeting on the evening of the 15th Sunday of the present month, which will be on the 30th. The meeting will be held in one of the churches, which will be announced later. The tabernacle was offered for the purpose, but owing to the fact that there is no electric current in that building, it was necessary to decline the offer.

The object of this meeting will be for the discussion of the best methods of inducing children to attend Sabbath school.

The following committees were appointed for this meeting: Program—Rev. Thos. P. Hay and T. J. Nixon, and Dr. F. P. Bullock. Music, Professor Oliphant. Arrangements—Christopher Matheson, Ferdinand Meyer and J. F. Bunch.

It is proposed to make this meeting one full of interest, and hopes are entertained that it will be effective. The program for the occasion will be published as soon as it can be arranged.

CAN'T STAND PRESSURE.

Citizens Must Use More Fan Service or be Cut Off Next Year.

Manager Geo. I. Doig of the Gainesville Gas and Electric Power Company is disposed to be generous, but he does not feel like operating a day service at a continual loss. Manager Doig gave the people of Gainesville last summer the benefit of a fan rate of only 10 cents a day, each fan, but at the end of the season discovered that, for lack of patronage, his company had come out several hundred dollars to the bad. He has decided, however, to make the experiment again this summer at a rate of 10 cents per day per fan, giving special rates on two or more fans in the same place, and hopes by this to "make even" by the end of the season, as the rate should induce more patronage.

"It costs money to run a day service," remarked Manager Doig Tuesday. "We are not particular about making any big thing out of this day service, as we want to give the city a service that is perfect every hour in the day, but we do object to running the service at a loss to the company, and we cannot afford to do it. I am going to try it again this year, and if I cannot secure the patronage I will be compelled naturally to shut off the day service."

HEALTH IS YOUTH.

Diseases and Sickness Bring Old Age.

Herbina, taken every morning before breakfast, will keep you in robust health—fit you to ward off disease. It cures constipation, biliousness, dyspepsia, fever, skin, liver and kidney complaints. It purifies the blood and clears the complexion. Mrs. D. W. Smith, Whitney, Tex., writes April 3, 1902: "I have used Herbina, and find it the best medicine for constipation and liver troubles. It does all you claim for it. I highly recommend it." 30c a bottle. Sold by W. M. Johnson.

Another New Dwelling.

Gainesville will soon boast of another handsome cottage, which will be located on West Market street, between South Pleasant and South Garden.

E. E. Voyle of the Abstract and Realty Company has let to the Eddins Manufacturing Company the contract for a one-story frame dwelling for Mrs. A. A. Taylor of Rocky Point. The specifications call for five rooms and bath. When completed it will be one of the most conveniently arranged homes in the city, and a credit to the section in which it will be located.

The contractors propose to begin work upon the building at once.

UNHAPPINESS DISPELLED.

Men and Women Unanimous About It. Many women weep and wail and refuse to be comforted because their once magnificent tresses have become thin and faded. Many men incline to profanity because the flies bite through the thin tresses on their craniums. It will be good news to the miserable of both sexes, to learn that Newbro's Herpicide has been placed upon the market. This is the new scalp germicide and antiseptic that acts by destroying the germ or microbe that is the underlying cause of all hair destruction. Herpicide is a new preparation, made after a new formula on an entirely new principle. Anyone who has tried it will testify as to its worth. Try it yourself and be convinced. Sold by leading druggists. Send for stamps for sample to The Herpicide Co., Detroit, Mich.

LINES BEING EXTENDED.

East Florida Telephone Company Will Soon Reach Morriston.

The territory of the East Florida Telephone Company is being constantly extended, which makes a great convenience to the people of Gainesville and those located along its lines.

C. C. Yoyle, constructing superintendent of the company, with a force of men, is now working on the line southward from Raleigh, and in a short time expects to complete the system to Morriston, which will afford the towns of Williston and Montbrook also the advantage of a first-class telephone service. It is the ultimate intention of the company to extend its line southward from McIntosh to Ocala, if proper encouragement of the people of that city can be secured. This will afford Gainesville and the Brick City direct communication.

The company proposes to begin work on the line from Gainesville to High Springs about May 1.

Three new 'phones have just been installed, one at the office of the Diamond Ice Company, one at the store of H. M. Chitty & Co., and one in W. M. Johnson's drug store.
